

# HOWARD S. KIM

## TECHNOLOGIES

Strong	Experienced	Developer Tools
HTML5, CSS3, BootStrap, Materialize, JavaScript(ES5/ES6), jQuery, JSON, ReactJS, Redux, Context API, Ajax, Axios, REST APIs	PHP, MySQL, NodeJS, Google Firebase, WebPack	Amazon Web Services, Chrome Dev Tools, Git/Version Control, Agile Methodology, Terminal Command Line, Postman, phpMyAdmin, MeisterTask, Slack, Windows/Mac

## APPLICATIONS DEVELOPED

- EVENT HANDLER (CONCERT BUDDY)** - a mobile web app that helps users plan events with friends - [Live](#) | [GitHub](#)
  - Team lead and front end developer in charge of planning feature sets and designs with Figma wireframes, MeisterTask, Scrum methodologies, ideation, and sprints.
  - Utilized **Axios** to make calls to the **TicketMaster API** and to communicate with a MySQL database and endpoints created in PHP.
  - Created a **Single Page Application** from scratch using **React Router**.
  - Used **ReactJS** to render out components with **JSX** while using **Redux** to manage a global state.
  - Dynamically created input fields with **ReduxForm** so users can invite friends to trips through PHPMailer.
  - Styled components with vanilla **CSS3** to have the components appear as an authentic mobile application
- MEMORY MATCHING CARD GAME** - a simple card matching game anyone can play - [Live](#) | [GitHub](#)
  - Designed an Overwatch themed matching game that is friendly for children of all ages with **HTML5** and **CSS3**.
  - Allowed for responsive design through the use of **FlexBox** and Media Queries.
  - Developed game logic for card randomization, DOM creation and sound effects utilizing **JavaScript**, **jQuery**, and **Object-Oriented Programming** paradigm.
- STUDENT GRADE TABLE** - a content management system for teachers to store student information - [Live](#) | [GitHub](#)
  - Build the layout of the application using **HTML5** and **Bootstrap CSS** for responsive design.
  - Made **AJAX** calls to endpoints created in **PHP** and stored tables in a **MySQL** database.
  - Incorporated all of the Create, Read, Update, Delete (CRUD) functionalities.

## PROFESSIONAL EXPERIENCE

<b>CYBERCODERS, INC.</b> Executive Technical Recruiter	<b>Irvine, CA (June 2015 – May 2018)</b>
<b>JOBSPRING PARTNERS</b> Full Life-Cycle Technical Recruiter	<b>Irvine, CA (June 2014 – May 2015)</b>

## EDUCATION & CREDENTIALS

**UNIVERSITY OF CALIFORNIA, IRVINE** - CUM LAUDE -  
B.A. Criminology, Law and Society / Psychology & Social Behavior  
**LEARNINGFUZE ACCELERATED WEB DEVELOPMENT PROGRAM**  
Emphasis on front-end web development with 1000+ hours of learning and coding.  
**LANGUAGE, HOBBIES, & INTERESTS**  
Fluent in Korean, Bboy, Chipotle, Sci-Fi Movies, Binge-watching (most recently captivated by Daredevil season 3)
